28-30	CBC Mens Ministry	Men	A large group of men from a Marietta church

Praise God that He keeps touching hearts each weekend through the winter. As of now there are only 2 partial weekends available between now and Thanksgiving! Plus there are 26 groups of youth on the waiting list. The needs are great. The new staff house is wrapped up and Marv's family is moving in next week! Praise God he has provided again. He has also answered by leading a single young man to help in maintenance at camp, starting next week. Pray that God will provide an Administrative Assistant.

The teen girls are all home for home visit break. It was a challenging and stretching term the last 2 months. The term for the house parents ended January 31 and we have all picked up extra duties to cover things while we keep looking and praying for a replacement. Pray that God would provide a houseparent couple soon! In the next months we will also need a school teacher and single house mentor. Pray for grace and strength for the staff as they each carry a heavier load while we are short staffed. The teen girls are still growing. Pray that they would continue to push through tough things and find healing and freedom. Your prayers make a difference.
